I wish to say a word to the Gentlemen and Ladies of Bangor and vicinity. If you would be your child's dentist than for your relative. A gentleman, changing 60 years old, was in my office April 4, and said that he would give more than hundred dollars if I would save one tooth in his mouth without extracting it. He (he was for who if a man will take care of his teeth, he should be for his children.

Now if you cannot save your own, you can save the teeth of your children. A child every day with father or mother will soon. For work some dear child to have the care of some adding teeth examine the teeth and see. [illegible] is not a forgery. [illegible] The parent is surprised. [illegible] wrong, she has never had one toothache. [illegible] will certainly have a permanent set of teeth, when [illegible]

A very large proportion of persons have never known, or have forgotten, that [illegible] have teeth, and that all teeth that come back to the enamel once. [illegible] years old. We [illegible] children to suffer for this [illegible] neglect. I [illegible] will [illegible] the best artificial teeth. Hundreds of [illegible] will endorse [illegible] exactness all that he has said in his paper.

Dr. J. R. Lyndon. Though we have not the pleasure of a personal acquaintance with the gentleman, yet we have reason to believe that he is a most skillful practitioner of [illegible] art. At least, he has made one old face [illegible] look young again, and has fitted [illegible] a pair of jaws to make the foot again which Mother Nature thought to deprive of this privilege a little too soon. We think the work and composition of the two full sets of teeth he has inserted cannot be excelled anywhere.—*Rural Intelligencer.*

My price now is $20 for a whole set of the best artificial teeth, $25 for a half set.

JOHN H. LYNDE, - - PROPRIETOR.

MONDAY, JULY 3, 1871.

Republican Nomination.

FOR GOVERNOR,

Hon. Sidney Perham

OF PARIS.

An article which was evidently written prior to the Democratic Convention at Augusta, appears in The Democrat this week and under the heading of "Short Horse; Soon Curbed," refers again to the school question. As the editor of the Democrat was squelched in the Committee room in about ten minutes from the time of introducing his anti-common-school resolutions, the caption would seem appropriate, but while his own party refuses to endorse his ridiculous crusade against education, he cannot reasonably expect us to attach any importance to his maunderings on that subject.

So the New Departure is not a success in Iowa. When the State Convention was held a few days since, a bitter fight was made against the new-fangled Democratic notions by some of the ancient members, but they were put down by a large vote, and the platform was whitewashed. Now come Legrand Byington and sundry other dissatisfied Democrats with a call for a new Convention and an Old Departure, to meet at Des Moines, August 16.

If economical and fault-finding Democrats, who have a lively and pleasant recollection of the Administration of Andrew Johnson, will refer to the latest reports from the Internal Revenue Bureau, they will find that the Collectors of Internal Revenue appointed by that gentleman are owing the Government $1,810,757, which is nearly twice as great a sum as that due from the Collectors appointed by both Lincoln and Grant.

THE PUBLIC DEBT—$7,103,249 MORE WORSE OFF THAN SCOTT. The monthly statement of the public debt shows a reduction of $7,103,349 for June. The coin balance is $96,985,000; currency balance, $6,353,303; coin certificates, $16,860,300.

STATE WAR CLAIMS. A warrant for $154,273 has been issued to Governor-General of Connecticut on account of the war claims of that State. The war claim of Kentucky for half a million of dollars has not yet been paid, owing to the absence of the Secretary of the Treasury.

A speck of trouble appears on the horizon of Utah. One David H. Wells, calling himself Lieutenant-General, orders out the militia for a parade on the Fourth, contrary to the United States law, and the acting Governor of the Territory forbids their assembling. Wells is commander of the famous Nauvoo Legion, but is not recognized by the Government, and is entirely unauthorized.

There still remain a few of the gallant spirits of the Democracy of the past. One of them edits a paper in Callaway county, Missouri, called Fair play. This gentleman is pained at the treatment of Jefferson Davis by his Northern brethren. He says:

No man who ever worthily wore the uniform of the Confederate States can behold the recent comments of the so-called Democratic papers upon some late public utterances of that great man and Christian gentleman, Jefferson Davis, without a feeling of mortification, of self-contempt, of loathing for patriotism, politics, stronger and more disgusting than he would have felt if every soldier and officer in Dixie had been compelled to go down on his knees to Abe Lincoln and beg for his life.

The Norfolk Virginian concludes an article on the proper condition of the African race, as follows:

In all this, we have no thought of treating with contempt the negro race. We concede them to be high like ourselves, men having souls to be saved, and therefore entitled to all human sympathy and Christian instruction. But one star differeth from another star in glory, and so do races differ. We hold this truth to be self-evident, that all men are created unequal, and that the African race was the born and ordained servant of the other races. In that sphere, he has no equal, and any attempt to lift him out of it, by education or otherwise will prove a fruitless struggle against the irreversible laws of God and nature.

AN IMPORTANT DECISION VS. TRADES UNION INTIMIDATION. The Massachusetts Supreme Court has given a decision in the case of John Carew vs. Isaac Sander Rutherford and others—a suit to recover back money paid defendants who are members of the Journeymen Freestone Cutters' Association, of Boston and vicinity. It appeared that plaintiff who is a freestone cutter of South Boston and not a member of the Association had made contracts to furnish cut freestone for various buildings, among others the Roman Catholic Cathedral. By vote of the Association a penalty of $500 was imposed upon plaintiff because he had sent some of his freestone to New York to be cut contrary to rules of the Association. The plaintiff refused to pay this sum but subsequently paid it; it being otherwise impossible for him to perform his contract. He now sued to recover this sum back and damages for injury sustained by him by reason of the acts of the defendants. At the trial in the Superior Court the Judge ruled that plaintiff could not maintain the action and judgment was entered for defendants. Plaintiff alleged exceptions which have been sustained by the Supreme Court. The rescript is as follows:

A conspiracy against a mechanic who is under the necessity of employing workmen in order to carry on his business, to obtain a sum of money from him which he is under no legal liability to pay, by inducing his workmen to leave him and by deterring others from entering into his employment by threats or otherwise, so that he is induced to pay the money demanded under a reasonable apprehension that he cannot carry on his business without yielding to the illegal demands, is an illegal conspiracy and the acts done under it are illegal and the money thus obtained may be recovered back and if the parties succeed in injuring his business, they are liable to pay all the damages they have done him.

BOLD ROBBERY OF $1100 ON STATE STREET, BOSTON. At noon Saturday, an unknown man entered the banking house of Brewster, Sweet & Co., 40 State Street, and after asking some questions sold bonds for eleven hundred dollars. The clerk asked him if he would have a check, and he replied that he would take bills. The money was counted out to him, when a good look ing fellow at his left side remarked to the stranger, "You have dropped some of your money." "So I have," he replied. While in the act of picking up the (two) bills from the floor a man on the other side of the stranger grabbed the pile of money still lying on the counter, and darting out of the room like an arrow, and has not been seen since; nor has the other man, his confederate, who quietly left immediately after the transaction, which was a bold and very successful one, to say the least. The thing was done so quick that the stranger was dumfoundered, and now wishes that he had taken a check instead of the money.

NEW YORK IRISHMEN PREPARING FOR A RIOT. It is rumored extensively in New York City that Roman Catholic secret societies are organizing, arming and drilling bodies of men, preparatory to holding a fight with the Orangemen, whose annual picnic will occur July 12. For some time past advertisements have appeared calling for meetings of certain Hibernian societies setting forth volunteers would be received for a military picnic to be held early in July. The authorities are quietly preparing to suppress any attempt at a repetition of the bloody affair which occurred last 12th of July. It is believed the authorities intend exercising their power to the fullest extent, and will probably take possession of arms and armories for the time being, of all military organizations likely to participate in the affair of the 12th of July.

Charles Buckingham, nephew of Senator Buckingham, has been removed from the office of Assistant U. S. Assessor at New York.

The civil service commission sits with closed doors and the discussion is considered confidential, so that little is likely to be made public of their work till some results are reached. An inspection of the methods of examination in vogue, and the real condition of the service engaging the attention of the members.

Grand Chance for Business. LUMBER AND COAL ESTABLISHMENT FOR SALE IN PAWTUCKET, R. I. The old and well arranged Lumber and Coal business of J. S. Thornton & Co., now in successful operation at their newly constructed harbor on the Pawtucket River, is offered for sale, by reason, solely, of the ill health of parties interested. The present firm represents a business of upwards of forty years' standing, and it was never more prosperous than at the present time. The Dock Lines, with lines of berths for vessels, is about 900 feet in length, and is capable of extension more than double, at a small expense, and is situated therefor in one of the premises. Vessels of ten feet draft, easily accommodated, while the channel of the river, is now being improved at government expense. The sales of Lumber and Coal are annually increasing, and the facilities for landing and storing the stock in trade, are equal, if not superior to those of any other concern of the kind. The class of customers will compare favorably with those of any similar business house, in the country. The teams are all in the best of order, the other appliances and fixtures in the good order, and are arranged with care, and adapted to the wants of the business. This is really a rare opportunity to engage in business permanently and profitably established. The terms will be made easy. If desired the real estate may be leased to parties purchasing the stock and business. None but offers of first class business men will be considered. Any information will be given on personal application at the office of the company, or by addressing ROBERT SHERMAN or CHAS. F. ADAMS, Pawtucket, R. I., who are authorized to negotiate. 3t*

FLOWERS IN A LETTER.

BY ANNA B. MALLIDAY.

Blue eyes that opened first beneath the skies
Of distant prairies, spangled with their bloom—
Gaze in mine own, with looks of sweet surprise,
Yet speak in smiles mysteriously wise,
That I should take these from their quiet town.

Sweet life-cups of white, with hearts of gold,
Half hidden by their fringes closed in sleep,
A richer fragrance in their petals hold
Than any crushed, and tenderly unfold
Their perfumed secret from recesses deep.

And creamy bells, with tongues of scarlet hue,
Each one repeats a poem for my soul
Of love so pure, devotedness so true,
If earlier trust that mortal never knew,
Until my love had found its destined goal.

Blue eyes and golden hearts and creamy bells—
Ye come to me as pilgrims from a shrine!
I read the words your silent language tells—
I take the kisses from your trembling cells—
My love baptismal are with a joy divine!

Wait back upon the wings of every air,
Freighted with colors of your dying breath,
All answer full of love and loneliness prayer
That God may bless this little flower band, compare!
My heart's devotion, faithful unto death.

7-30 GOLD LOAN,

OF THE

Northern Pacific Railroad.

Rapid Progress of the Work.

The building of the Northern Pacific Railroad, begun July last, is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 200 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track laying is rapidly progressing toward the eastern border of Dakota. Including the purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 412 miles of completed road, and by September next this will be increased to at least 500.

A GOOD INVESTMENT. Jay Cooke & Co are now selling, and unhesitatingly recommend, as a profitable and perfectly Safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent gold interest (more than 6 per cent currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the road is completed, on 23 000 ACRES OF LAND to every mile of track, or 500 Acres for each $1000 Bond. They are exempt from U. S. Tax; Principal and Interest are payable in Gold; Denominations, Coupons, $100 to $1000, Registered, $100 to $10,000.

LANDS FOR BONDS. Northern Pacific Bonds are at the market price, PER CENT ABOVE PAR, in exchange for the Company's Lands, at their lowest cash price. This renders them practically the same as LAND WARRANTS.

SINKING FUND. The proceeds of all sales of lands are required to be invested to the purchase and cancellation of the First Mortgage bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense Sinking Fund will undoubtedly reduce the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, these bonds are the most attractive investment offered to the people, which is more especially the case when they are offered at the present low price.

EXCHANGING U. S. FIVE-TWENTIES. The success of the New Government 5 per cent. Loan will speed the early surrender of United States Five-twenties. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thereby realizing a handsome profit, and greatly increasing their yearly income.

OTHER SECURITIES. All marketable Stocks and Bonds will be received at their highest current price, in exchange for Northern Pacific Seven-Thirties. Express charges on Money or Bonds sent us, and on Seven-Thirties sent in return, will be paid by the Financial Agents. Full, information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.
